

## Completing your Tanzania e-visa

### What is required for an e-visa application?

- A JPEG pic of your passport's biometric page.
- A JPEG pic of yourself [smaller than 300KB]. Don't worry if you don't have an official passport photo – a clear image of yourself against a plain background will do.
- Your round-trip flight ticket – either PDF or JPEG will work.
- Contact info for your first destination – you can use Nomad's details here: Nomad Tanzania, 44 Engira Road, Arusha, Tanzania. Phone number: +255 784 208 343.
- Your mother's and father's names and nationalities.
- Make note of the security question you choose, as it will be required to check your visa status later.
- Where it asks for 'host details', write 'Self', as this will save you having to complete the rest of that section.
- A valid Visa or MasterCard for online payment.

### How to apply for an e-visa

To read up about your visa options and the information you'll be asked for, follow this link:

<https://eservices.immigration.go.tz/visa/guidelines>

### US citizens information

1. Note that US citizens must choose multiple-entry visas [single-entry visas are not available to Americans] and the cost is USD 100 rather than USD 50.
2. When selecting the 'Reason for travel' please select 'Holiday & Leisure' to continue the process.
3. When selecting your host for the trip, please select 'Self'.
4. To complete the process, you will be asked to upload your return tickets.

### Do children require an e-visa to enter Tanzania?

Yes, all visitors to Tanzania must have their own visa to enter the country unless their nationality is visa-exempt.

This includes children [under the age of 18] who have their own passport. Children who are included on their parent or guardian's passport can be included on their parent's/guardian's visa.

### Ready to apply?

Once you've done your homework, you can fill out your application here: <https://eservices.immigration.go.tz/visa/>

Please note: If you experience Firefox internet browser issues, we suggest using Google Chrome as an alternative.

### How long does it take to process an e-visa?

The website says 10 days, but to be on the safe side, we recommend applying 2-3 weeks in advance of travel.

.....

### I've applied – now what?

Log into the system and check the status of your application any time between 10-14 days after applying. With a bit of luck, it'll be approved and ready! Print out the confirmation document: though you might have it on your phone/device, the paper version will be required on arrival, so have this ready.

.....

### What if I decide to get a visa on arrival instead?

This is still possible for many nationalities, but just make sure you have the following:

- At least 2 hours to spare (bear this in mind if you have a connecting flight).
  - The correct amount of US Dollars to pay in cash.
  - A pen to complete the forms.
  - Nomad contact information (see above) or details of your first hotel.
- .....

If you have any questions, feel free to reach out to your travel agent, or drop us a line on [info@nomad-tanzania.com](mailto:info@nomad-tanzania.com); we're also available on **+255 784 208343** and **+255 763 333383** round the clock.
